GAURI GIRI

Data Analyst | Aspiring Data Scientist | Business Analytics

Ranchi, Jharkhand, India
+91-8051026610
gaurigiri777@gmail.com

PROFESSIONAL SUMMARY

Data Analyst with a strong foundation in **Python, SQL, Excel, Power BI, and Tableau**, backed by an **MBA in Marketing & IT** and a **BCA degree**. Experienced in working with **real-world operational, healthcare, HR, and sales datasets**, performing data cleaning, exploratory analysis, KPI tracking, and dashboard development to support business decision-making.

Proven problem-solver with **5-Star HackerRank ratings in Python and SQL**, hands-on end-to-end analytics projects published on Medium, and a strong ability to translate raw data into **actionable business insights**.

TECHNICAL SKILLS

Programming & Data Analysis

- Python (Pandas, NumPy, Matplotlib, Seaborn)
- Data Cleaning, Data Wrangling, Exploratory Data Analysis (EDA)
- Feature Engineering (Basic)
- Statistical Analysis for Business Insights

Databases & Querying

- SQL (Complex SELECTs, JOINs, GROUP BY, HAVING, Subqueries)
- Basic Window Functions (ROW_NUMBER, RANK)

Business Intelligence & Visualization

- Power BI (Data Modeling, DAX Basics, KPI Dashboards)
- Tableau (Calculated Fields, Filters, Interactive Dashboards)
- Microsoft Excel (Advanced: Power Query, Pivot Tables, Dashboards, INDEX-MATCH, XLOOKUP)

Tools & Workflow

- Git & GitHub
- Jupyter Notebook
- Medium (Technical Documentation & Blogging)

PROFESSIONAL EXPERIENCE

Jaishiv Construction Private Limited
Digital Operations & Data Support Executive
Aug 2022 – Apr 2025

- Managed and processed structured and semi-structured datasets related to **e-Tendering, e-Auction, and e-Invoicing systems**.

- Performed **data validation, accuracy checks, and compliance verification** to ensure error-free submissions.
- Designed and maintained **Excel-based tracking reports and dashboards** to monitor tender timelines, bid status, and outcomes.
- Analyzed operational data to support **decision timelines and reporting requirements**.
- Organized and maintained digital data repositories, improving document retrieval efficiency and audit readiness.
- Collaborated with cross-functional teams using online enterprise portals and professional communication tools.

Analytics Exposure: Operations Analytics, Reporting Automation, Data Quality Management

Digital Dot Tech, Kolkata
IT Support Executive – Hospital Operations (Contract)
Aug 2017 – Mar 2020

- Supported Hospital Management Systems (HMS) handling **patient, billing, and operational datasets**.
- Maintained and validated healthcare data to ensure consistency and reliability.
- Created **Excel reports and basic dashboards** for hospital management decision-making.
- Assisted in troubleshooting data discrepancies and system issues across departments.

Analytics Exposure: Healthcare Data, Reporting, Data Validation

INTERNSHIP EXPERIENCE
Samsung Electronics – Ranchi
Market Research & Analysis Intern
Jan 2022 – Mar 2022

- Conducted market research and collected structured datasets from multiple sources.
- Performed basic data analysis to identify **consumer trends and product preferences**.
- Prepared analytical summaries and presentations for internal stakeholders.

Internshala (Online)
Data Analytics Intern
Apr 2022 – May 2022

- Completed structured analytics-focused training modules.
- Applied Excel, SQL, and data interpretation techniques to real-world case studies.
- Achieved **90th percentile** in final assessment.

PROJECTS (END-TO-END ANALYTICS & CODING)
Employee Attrition & Performance Analysis (HR Analytics)
Python | Pandas | Seaborn | EDA

- Analyzed HR employee data to identify key drivers of attrition and performance.

- Performed data cleaning, exploratory analysis, and correlation studies.
- Discovered higher attrition trends among low-experience and low-satisfaction employee groups.
- Presented insights using clear visualizations and business-oriented interpretation.
  📎 Medium: https://medium.com/@gaurigiri777/visualizing-employee-attrition-performance-what-hr-data-reveals-about-retention-performance-fab22e9c736e

Sales & Customer Management System (SQL Project)
SQL | Data Modeling | Business Analytics

- Designed relational database schema for sales and customer data.
- Wrote complex SQL queries using JOINs, subqueries, and aggregations.
- Generated insights on **revenue trends, top customers, and product performance**.
- Simulated data-driven sales prioritization and reporting workflows.
  📎 Medium: https://medium.com/@gaurigiri777/beginner-sql-project-sales-customer-management-system-162c5a0e741a

Kaun Banega Crorepati (KBC) Game – Python
Python | Control Flow | Functions

- Built a console-based interactive game implementing loops, conditions, and modular functions.
- Focused on clean logic, user interaction, and error handling.
  📎 Medium: https://medium.com/@gaurigiri777/build-kaun-banega-crorepati-in-python-step-by-step-guide-beginner-friendly-eeac97cdcb04

Bank Account Simulator – Python (OOP)
Python | Object-Oriented Programming

- Developed a real-world bank account simulation using OOP principles.
- Implemented account creation, deposit, withdrawal, and balance tracking logic.
  📎 Medium: https://medium.com/@gaurigiri777/bank-account-simulator-in-python-beginner-project-1ee60a1d0345

Mastering Seaborn: Data Visualization Guide

Python | Seaborn | Visualization

- Created a comprehensive hands-on guide covering major Seaborn plots.
- Demonstrated best practices for analytical storytelling using visuals.
  📎 Medium: https://medium.com/@gaurigiri777/mastering-seaborn-from-theory-to-beautiful-visualizations-a-complete-hands-on-guide-c23f54172992

EDUCATION

Master of Business Administration (MBA) – Marketing & IT
Dr. Shyama Prasad Mukherji University, Ranchi
Score: 82%

Bachelor of Computer Applications (BCA)
Ranchi University
Score: 78.83%

CERTIFICATIONS & ACHIEVEMENTS

- ⭐ 5-Star HackerRank – Python
- ⭐ 5-Star HackerRank – SQL
- HackerRank Certified: Python (Basic)
- HackerRank Certified: SQL (Basic)
- Data Scientist Program – Ingrade Institute (8 months completed)
