TECHNICAL SKILLS

Programming

- Python
- SQL

Data Analysis

- Pandas
- NumPy
- Exploratory Data Analysis (EDA)
- Data Cleaning
- Statistics

Data Visualization

- Power BI
- Tableau
- Excel

Business Intelligence

- Dashboard Development
- KPI Tracking
- Reporting
- Data Modeling

Machine Learning

- Scikit-Learn
- Predictive Analytics
- SHAP Explainability

Excel (Advanced)

- Pivot Tables
- Power Query
- Lookup Functions
- Interactive Dashboards

TOOLS & TECHNOLOGIES

Python • SQL • Power BI • Tableau • Excel
Pandas • NumPy • Matplotlib • Seaborn
Scikit-Learn • Jupyter Notebook
SHAP • Microsoft Office

CERTIFICATIONS

- Data Science & Generative AI**
Ingrade Learning
- 5-Star HackerRank**
Python & SQL
- HackerRank Certified**
Python (Basic)
- HackerRank Certified**
SQL (Basic)

EDUCATION

MBA (Marketing & IT)

Dr. Shyama Prasad Mukherji University, Ranchi
82.00%

BCA

Ranchi University
78.83%

GAURI SHANKER

DATA SCIENTIST | DATA ANALYST | BUSINESS INTELLIGENCE ANALYST

PROFESSIONAL SUMMARY

MBA (Marketing & IT) and BCA graduate transitioning into Data Science with hands-on experience in Python, SQL, Machine Learning, Power BI, Tableau, and Excel. Skilled in data analysis, dashboard development, reporting, and business intelligence. Passionate about leveraging data-driven decision-making, predictive analytics, and visualization techniques to solve real-world business problems.

PROFESSIONAL EXPERIENCE

Jaishiv Construction Pvt. Ltd.

Digital Operations & Data Support Executive

Aug 2022 – June 2026

- Managed and validated tender, auction, and invoicing datasets to ensure data accuracy and consistency.
- Generated Excel-based reports to track bid timelines and operational performance.
- Maintained structured digital documentation supporting audit and compliance requirements.
- Assisted in data management and process tracking activities for operational decision-making.

Digital Dot Tech, Kolkata

IT Support Executive

Aug 2017 – Mar 2020

- Maintained hospital operational, billing, and patient datasets.
- Conducted data validation and quality checks to improve reporting accuracy.
- Created Excel-based reports supporting operational and administrative functions.
- Assisted with documentation and data management processes.

FEATURED PROJECTS

- Home Credit Default Risk Prediction** Python | Machine Learning | SHAP
 - Built a machine learning solution for credit risk assessment using customer data.
 - Applied SHAP Explainability techniques to improve model interpretability.
 - Performed data preprocessing, feature engineering, and predictive analysis.
- Netflix Customer Segmentation Analysis** Python | Pandas | EDA
 - Conducted exploratory data analysis on customer segmentation datasets.
 - Identified behavioral patterns and audience segments through data visualization.
 - Generated insights supporting customer-focused decision-making.
- India General Election Results 2024 Dashboard** Power BI
 - Developed an interactive dashboard for election result analysis.
 - Visualized constituency-level and state-level insights using dynamic reports.
 - Implemented interactive filters and KPI-based visualizations.
- Employee Attrition Dashboard** Excel
 - Built an HR analytics dashboard to monitor employee attrition trends.
 - Used Pivot Tables and dashboard elements to visualize workforce metrics.
 - Enabled quick analysis of employee retention indicators.
- Customer Analysis** Excel | SQL
 - Analyzed customer-related datasets using SQL queries and Excel reporting.
 - Performed data cleaning and trend analysis to derive business insights.
- Breaking Bad Dashboard** Tableau
 - Created interactive Tableau visualizations based on entertainment datasets.
 - Applied filters, calculated fields, and dashboard design for data storytelling.

ACHIEVEMENTS

-  5-Star HackerRank in Python & SQL
-  HackerRank Certified Python (Basic)
-  HackerRank Certified SQL (Basic)
-  Completed Data Science & Generative AI Program
